ABOUT US

Over the years, Ochi has become more than just a Pilates equipment company—it's a community. Our reformers are trainer-approved, award-winning, and celebrated in thousands of 5-star reviews. Every piece is designed with durability, elegance, and care, so it not only performs beautifully but also lasts for years of practice. With Ochi, you're not just buying a reformer—you're joining a movement rooted in trust, quality, and a shared passion for Pilates.

Ochi Pilates began with a simple belief: movement should be joyful, empowering, and accessible to everyone. What started as a small workshop more than 15 years ago has grown into a global brand trusted by Pilates professionals, studios, and home practitioners alike. From the very first reformer we built, our goal was clear—combine precision craftsmanship with a deep love for Pilates to create equipment that inspires confidence and supports every body's journey.
